**Style Number:** 344T  
**Service:** Gasketing  
**Product Type :** Braided Packing

**Description:**

Braided from 100% PTFE filament, Style 344T is thoroughly impregnated with a PTFE suspensoidal blocking agent and our proprietary break in lube. Flattened into a soft but dense tape, 344T is designed for use as a conformable, extremely chemical resistant gasket material. Style 344T is also available without break in lubricant.
