Style Number: 300
Service: Slurry Pump Packing
Product Type : Braided Packing

Description:

Braided from continuous Aramid filament, Style 300 is impregnated with PTFE and a proprietary inert lubricant. Our unique braiding technique makes our Style 300 easy to cut and install, with excellent braid retention. Style 300 is also non-staining and non-contaminating packing with excellent heat dissipation properties. The high tensile strength of Aramid fiber makes this packing ideally suited for slurry or any abrasive service where media is extremely aggressive.
